COMPANY STORY

While traveling in Istanbul, Turkey, I visited the famous Hagia Sophia. Taking a break in a little gift store in the courtyard, I found an interesting rose petal based beverage. Immediately, I had a liking for the drink. This experience, in such an ancient ground, inspired me to open a beverage company in 2015, with the purpose of bringing unique tastes to the US.

Deep Water USA Inc. is an exclusive beverage company targeting the affluent and sophisticated consumer looking for something distinctive and trend setting. Deep Rose as our initial product was followed by 2 more flavors in the summer of 2020. Deep Wood and Deep Elder continue our theme of introducing flower inspired lemonades from the ancient world. Within a year of launching Deep Rose in the high end retail market in the summer of 2018, we were able to land large anchor retailers such as The Fresh Market and Wholefoods RM. Currently, Deep Love beverages are stocked in over 500 specialty stores from coast to coast to include internationally markets.

It took time to truly fine-tune the formula, packaging and branding of our products. However, with such a unique beverage, the potential for success is magnificent. Much like the famed Hagia Sophia from which the company was born, Deep Love drinks are nothing less than astounding.

FLAVORS

WHY

Consumers are moving away from sodas and highly sugared artificial drinks into all-natural and low calorie alternatives. Flower inspired beverages are one of the new trends. Deep Water USA Inc. fulfills that need and allows the retailer to stock a trendsetting beverage for the demanding consumer.

The logo for 'Deep Rose' is written in a red, cursive script. The word 'Deep' is positioned above 'Rose', and a small trademark symbol (TM) is located at the end of the word 'Rose'.

POSITIONING & MARKETING

Deep Love lemonades are best positioned at the refrigerated section in high end natural and specialty stores. Stacking up Deep Love trays, in a high traffic area, will attract consumers to the product, naturally. This will be supported with B2G1 campaigns. An active social media drive will support sales further.

The logo for 'Deep Elder' is written in a yellow, cursive script. The word 'Deep' is positioned above 'Elder', and a small trademark symbol (TM) is located at the end of the word 'Elder'.

COMPETITION

Competing brands, offering flower inspired drinks, lack the exclusivity of Deep Love lemonades with its unique taste, aroma and color.

The logo for 'Deep Wood' is written in a green, cursive script. The word 'Deep' is positioned above 'Wood', and a small trademark symbol (TM) is located at the end of the word 'Wood'.
