THE JEALOUS STORY

Jealous Sweets is an international plant-powered confectionery company based in the UK.

Co-founders, Taz and Imran, noticed how the confectionery market lacked quality choices. From rubbery gelatine-packed sweets to synthetic flavours, artificial colours, and ghastly packaging, the options were chemically-tasting and unappetising to both kids and adults.

We believe that people deserve more than this.
Everyone deserves tastier and better treats.

So we created sweets that are 100% plant-based. We've eliminated junk at every step and focused on getting each recipe 100% right and sweet.

PLANT-BASED

Making shamelessly tasty sweets does not need our fluffy friends. All our treats are 100% gelatine-free and plant-based— from day one.

GLUTEN-FREE

We care about your diet, that's why we make our sweets gluten-free so everyone can enjoy them. Have fun sharing them with your friends and family.

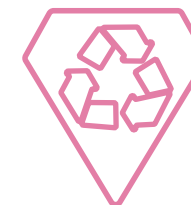

IRRESISTIBLY DELICIOUS

Enjoy all these benefits without compromising on taste. All our sweets are bursting with flavours and have great texture.

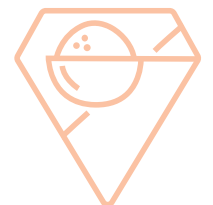

REAL FRUIT JUICE

Our sweets taste exactly like their fruit flavours because we use real fruit juice. They're mind-blowing!

RECYCLABLE PACKAGING

Our goal is to use recyclable packaging in ALL our sweets. We want to help build a better and greener planet so we made 24G Shot Bags & 80G Treat Bags recyclable.

SUGAR-FREE

Delight yourself with great-tasting sweets, 100% guilt-free. Happy Bears and Love Bears are sugar-free so everyone can enjoy the sweetness of life.

NO ARTIFICIAL COLOURS

To make our treats truly sweet, we eliminated artificial food colouring. We believe that for sweets to be shamelessly tasty, there should be no ghastly artificial colours.

NO PALM OIL

Knowing how saturated fat works, we eliminated palm oil in our sweets. Palm oil production is also bad for the environment. So, nope!

NO SYNTHETIC FLAVOURS

We want you to taste savoury sweets because you deserve better than manufactured flavours.
