ALL OF THE GOODNESS NONE OF THE GARBAGE

Nick's Sticks was born out of a desire to provide quality, protein rich, meat snacks – Naturally. Hand crafted locally in small batches, we have been able to craft a snack stick that is better for you and your family, without sacrificing flavor or taste.

As a pioneer in the grass-fed feed and nutrient-dense food movements, we are passionate about producing only the highest-quality food products, using the highest quality ingredients, or as we like to say, *"All of the goodness – none of the garbage."*

We make snack sticks with 100% GRASS FED BEEF, FREE RANGE TURKEY AND CHICKEN

Next, a dash of organic seasoned salt blended into our proprietary recipe.
