

Phytotherapy Company

At P30:2 Labs, we've hand crafted a wide variety of natural pain relief products that are formed using all natural products. We utilize Phytotherapy botanical research to find out what specific plants will work in combination to strip pain away from localized areas.

We offer a variety of different forms of application such as a vapor rub salve base, a creamy style lotion base, and an 'On the Go' style oil base.

Use DR-7 for joint, muscle, lower back, knee, shoulder, neck pain, legs and feet, etc. These products are also a perfect pre- and post- workout solution for hours of relief from minor joint and muscle pain.

What we Offer

- DR-7 Pain Salve -

Designed for long lasting pain relief. This salve is an every day answer for issues like muscle and joint pain, cramps, and pinched nerves.

- DR-7 Pain Cream -

With Premium massage lotion as the base, this product gives a soothing alternative to the Pain Salve. DR-7 Pain Cream delivers the same fast-acting benefits, for those who prefer lotion over salve.

- DR-7 Snore Rub -

Made with our unique in house formula, the Snore Rub helps open up your airways to enjoy peaceful and relaxed breathing.

- DR-7 Roll On -

Created for the active lifestyle. DR-7 Roll On is designed for convenience. Simply unscrew the top to reveal a roller ball. This oil based product glides directly onto the skin, packed with our 100% Plant Based ingredients.

Our goal is to enhance our client's recovery and performance using scientifically-backed, natural products

2024-2025 Company Brochure

Vision

We aspire to lead the way in Phytotherapy advancements, setting new standards in the health sector and fostering a global shift towards organic, plant-based remedies.

Our vision extends beyond pain relief, aiming to create a holistic approach to health that empowers individuals to take control of their physical and mental wellness through scientifically backed, natural products.

Mission

We are dedicated to educating the public and healthcare professionals about the benefits of natural medicines, promoting an informed and positive shift in perception towards plant-based medicine.

By fostering partnerships with athletic organizations, healthcare providers, and research institutions, we aim to broaden the acceptance and use of our products, ensuring they meet the highest standards of safety and efficacy. Our commitment to excellence and integrity guides every step we take towards achieving a pain-free, healthier future for all.

Goals

We aim to expand our reach within both the consumer and professional healthcare markets, continually improving our product effectiveness and ensuring accessibility to those in need. By maintaining our commitment to sustainability and ethical practices, we strive to positively impact global health and well-being.
