

ATTENTION CLIENTS OF STEUBEN FOODS:
Please read and adhere to the notes below before designing your bottle label. If you have any questions, please contact Steuben before proceeding.

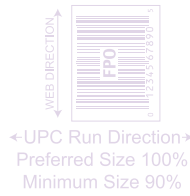

- All artwork must be approved by Steuben Foods before submitting to American Fuji Seal.
- Eyemark color must be unique and contrasting to all other colors appearing within the registration zone. Almost any color can be used for an eyemark.
 - Acceptable – A black eyemark with white or pastel colors below.
 - Unacceptable – A red eyemark with maroon below.
 - Horizontal stripes, or bands of color, with a minimum vertical thickness of 5mm can be used in place of an eyemark – contact Steuben Foods.
 - Eyemarks shall not be printed over metallic inks – ink must be knocked out and eyemark trapped.
 - On clear film an eyemark may be required based on label art or background colors.
 - Contact Steuben Foods early on in the design process with direction about eyemarks.
- Before submission to Steuben Foods for final approval:
 - All R&D work must be done.
 - Ingredients, nutrition facts, and legal claims finalized.
- Once submitted to Steuben Foods for final approval the brand assumes all costs for rework, print cylinders, etc.

Distortions will occur in areas where there is a percentage marked. Pull out Graphics and copy at the percentage listed below. Horizontally only.

			CUSTOMER CODE	PART #	GA #	REVISION	PROCESS / DIST.	STOCK / SIZE
							GRAVURE / DELTA-H	N02768C 106.5x183
