Food Safety Policy

The company is committed to develop, process, pack, hold and distribute safe food products that comply with our customers and legal requirements. In order to accomplish this, management will commit to the following objectives:

1. Comply or exceed legal and food safety regulations that apply to our processes.
2. Implement, follow and continuously improve our Food Safety Management System (FSMS).
3. Implement, follow and continuously improve the implementations of the Safe Qualify Foods (SQF) Code in all of our processes.
4. Ensure that all of our products meet our customer's specifications and standards.
5. Continuously review our FSMS to guarantee its effectiveness in managing food safety risks associated with changes in products, recipes, processes, technologies or infrastructure.
6. Provide training to our employees to establish a food safety culture within the site, develop technical skills, safety and awareness to drive excellence in every aspect of our manufacturing process.
7. Ensure our products comply with our quality and food safety standards, resulting in having no recalls, and less than 1% of our sales in customer complaints.
8. Promote a Food Safety Culture in the company through the following:
 - a. Setting Clear expectations on employees of the importance of a Food Safety culture for the company.
 - b. Holding staff accountable in adhering to food safety practices.
 - c. Leading by example.
 - d. Continuous Training.

Senior Management will provide all of the necessary resources needed to comply with these objectives, will review these objectives on at least an annual basis and it is fully committed to ensure that this policy is communicated, understood and implemented throughout the organization.

José Yamin
President
