

January 10, 2021

Dear Quality Candy Customer:

This letter is to certify that all products sold by Quality Candy are gluten free. Gluten is an insoluble plant protein occurring in grains, mainly wheat, barley, rye and oats. These proteins consist mainly of glutelins and proamins.

While our candies are sweetened from sugar cane, corn or rice derivatives, these grains and the syrup created from them are gluten free and produced in gluten free facilities. Furthermore our production facility doesn't contain or use any gluten containing ingredients or products so there is minimal risk for any cross contamination.

If you have any further questions, please feel free to contact me.

Respectfully,

A handwritten signature in black ink, appearing to read "Brett Johnson".

Brett Johnson
