To whom it may concern:

Santa Cruz Nutritionals is currently undergoing its annual monitoring and is considered to be in good standing with the National Organic Program. Certification remains valid unless surrendered, suspended or revoked. ([7 CFR 205.404\(c\)](#)).

Please note that the signature date on your current certificate represents the date of issue and is not linked to an expiration date. You may reference the Annual Monitoring Date on the QAI Organic System Plan Summary (OSPS) that accompanies this document.

This document is valid for three months from the date of issue, and should be accompanied by the last issued QAI certification documents.

Please note: A list of QAI Certified Clients, updated quarterly, is available on our website at <http://www.qai-inc.com/search-products/>. Current NOP certification status is also available on the [National Organic Program Organic Integrity Database](#). If you have further questions or concerns please contact me using the information below.

Sincerely,

Alexandra Palumbo
